The Little Flowers Girls' Club®, developed by Rachel Watkins, is a program that provides young Catholic girls ages five and up to gather and learn about their Catholic heritage, faith and traditions. The girls learn what it means to lead an authentic life of Catholic virtue, guided by Scripture and the examples of the saints. The lessons provide them with a strong foundation on which to build faith-filled lives as wives, mothers, consecrated women, religious, or single apostles. The program uses saints' biographies, the Catechism of the Catholic Church, and the Sacred Scriptures to teach the basics of a holy life within a fun, friendship-filled environment.

BLUE KNIGHTS **Boys' Club** Crusaders for Virtue

The Blue Knights Boys' Club, developed by Dan McGuire, is a program to teach the truths of the Catholic faith to boys ages five and up through Scripture, saints' biographies, games and the Catechism of the Catholic Church. Based on the popular Little Flowers Girls' Club and Fr. Francis Lasance's *The Young Man's Guide*, this program maps out five years, comprised of nine virtues or catechetical lesson each, designed to guide boys as they dare the heights of a holy, faith-filled life of virtue. The model of the Blue Knights program is St. Joseph, patron of the universal church. Using the concept of knighthood, the boys learn to emulate the virtues of St. Joseph and defend the Church as he defended the Holy Family. As the boys learn the precepts of their faith, they are aided by the examples of specific saints, the aid and encouragement of their leader, hands-on activities, challenges and faith-based friendships — all in a fun and wholesome environment!

ONLINE LEARNING & SUPPORT

1

Students will choose one of four career paths - Digital Photography, Film Production, Audio Engineering, and Graphic Design. Once enrolled, students will be given access to our online instructional videos and in-person courses taught by TEA certified instructors and industry professionals. In addition, schools will be given **media kits with tools and equipment students will need to practice** alongside the curriculum. Subject-based Zoom check-ins with an instructor will also accompany regular email checkins and student support.

2

PROJECTS & INCENTIVES

At the end of each lesson, students will be given a project to complete and submit to their instructor to reinforce the lesson with hands-on learning. At the end of each module, students will take an assessment. Points are earned for each action item completed. **Incentive rewards are given each school year** for points earned such as gift cards, movie tickets, headphones, etc.

3

EVENTS & CERTIFICATIONS

Each year, students will have the opportunity to attend our workshops and production events for more hands-on learning with our instructors and industry professionals. Additionally, students will be given the opportunity to **become nationally certified in Adobe, Final Cut, and AVID**. The course is integrated to offer practicum hours as well as internships and job shadowing.
