Throughout *Wonder*, Auggie describes the way that many people react to seeing his face for the first time: by immediately looking away. Have you ever been in a situation where you have responded like this to seeing someone different? Having now read *Wonder*, how do you feel about this now?

How would you describe Auggie as a person in the first few chapters of the book? What about the final few chapters? Has he changed significantly? Are there any experiences or episodes during the story that you think had a particular effect on him? If so, which experience? How did it affect him? In the chapter 'Costumes' Auggie describes the astronaut helmet that he wore constantly as a younger child. We later learn that Miranda was the one to give Auggie the helmet, and is proud of the gift, but that it was Auggie's father who threw it away. What do you think the helmet signifies to each of these characters and why do you think they all view it so differently?
