Cheering On Our Chargers!

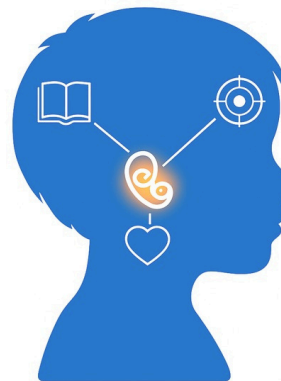

Our Charger Cheer team brought the energy as they cheered on our middle school football players in their season opener vs. St. John Bosco. What a blessing to see our students support each other with faith, spirit, and determination!

Science looks a little colorful in Kinder! Our students explored color mixing experiments—making predictions, testing what happens when primary colors combine, and observing the results. Hands-on activities like this introduce the scientific method at an early age while sparking curiosity and creativity.
